

# ASSOCIATION OF THE WALLED TOWNS OF VENETO

## THE 'TIME TRAVEL' KIT

### The Traveller's Passport

#### What it is

The Traveller's Passport is a fun travel document included in the 'TIME TRAVEL' kit. It allows you to record every stop on your journey by collecting a stamp from the Association of the Walled Towns of Veneto. You can collect a stamp in each town by following the instructions below.

#### How to get it

The passport is included in the 'Time Travel' kit. You can get the kit for free from any tourist office in a municipality that is a member of the Association of the Walled Towns of Veneto. Alternatively, you can find it at other locations, as indicated on the website <https://cittamurateveneto.it/en/the-time-travel-kit-and-the-new-downloadable-passport-pages/> and on each 'Municipality' page for the 34 walled towns involved.

#### How to use it

Plan your trip however you like by choosing the itinerary that best suits your needs from among the 34 walled towns included in this initiative. Each dedicated page features a QR code providing directions, including the exact address, and, where available, a link to the opening hours of the locations where you can get your stamp.

Each city is organised independently. Generally, the reference point is the local tourist office, where you can ask for information, find additional promotional materials beyond those included in the kit, and purchase local souvenirs and products, as well as getting your stamp.

If no stamping location is open or compatible with your schedule, you can request a 'virtual' stamp from the association by sending an email to [asscittamurate@comune.montagnana.pd.it](mailto:asscittamurate@comune.montagnana.pd.it) containing a photo of yourself in front of a road sign showing the location and the date of your visit. This date can be highlighted either in the photo itself, if your device allows it, or by including a piece of paper or a newspaper showing the date within the photo.

#### How it works

As well as serving as a lasting memento of your travels, the passport offers adventurous travellers some fun commemorative gifts. These will be sent when you collect your first 5 stamps, and again at the 10-, 15- and 20-stamp thresholds.

Once these thresholds have been reached, users must request their gift via email at the address below. To do so, they must attach a scan of their stamped passport pages and provide their shipping address.

#### General information

To contact the Association, please email [asscittamurate@comune.montagnana.pd.it](mailto:asscittamurate@comune.montagnana.pd.it).

**PLEASE NOTE:**

Some member cities have not yet designated a specific stamping location. Therefore, please check the Association's website ([www.cittamurateveneto.it/en](http://www.cittamurateveneto.it/en)) for detailed instructions, which will be updated periodically.

For the City of Venice specifically, only virtual stamping will be available. Please request this via the email address provided above.

We invite you to share this initiative on your social media channels, and to follow the Association's official Facebook page (<https://www.facebook.com/cittamuratedelveneto>) and Instagram account (<https://www.instagram.com/cittamurateveneto/>), tagging our profiles to help us showcase the beauty of the Walled Cities of Veneto to everyone!
